

# Seize the opportunity now: Easily expand your TESVOLT E-series storage system

Have you installed a new PV system  or additional electrical appliances , or are you planning to do so in the future?

Then your storage system needs more energy content.  
→ Expand now to get more storage capacity!

This applies to the following TESVOLT products:

- TS HV 70 E
- TS-I HV 80/100 E
- TS HV 30-80 E
- TS HV 50 E Hybrid

Only until  
30th April  
2026!

# Expand your TESVOLT E-series storage system easily now

- Take advantage of this opportunity to expand your existing TESVOLT E-series storage system to get more storage capacity and **be prepared for the future**.
- Expansions are **easy to implement** using our DC combiner box.
- **It pays to be quick:** Availability of components is limited as the E-series will soon be discontinued.
- **Quotes** for complete E-series systems or expansions can still be issued until **30<sup>th</sup> April 2026**. Orders are expected to be possible until 30<sup>th</sup> June 2026 (subject to availability).
