

Manufacturers Declaration

of TS 48 V with the inverter of SMA Type Sunny Island 5048

TESVOLT hereby confirms that the product series TS 48 V is applicable to the SMA Sunny Island 5048 device.

Even if only VRLA / FLA / NiCd Batteries are approved in the installation manual of SMA Sunny Island 5048, TESVOLT maintains full coverage of the warranty terms when TS 48 V systems are connected to SMA Sunny Island 5048.

For any questions regarding this topic, please get in contact with TESVOLT or SMA Sunbelt, a 100 % affiliated company of SMA Solar Technology AG, Germany.

The following system configurations are covered by this declaration:

Quantity of SI5048 per cluster	Grid configuration	Quantity of APUs
1	Single-Phase	≥ 1
2	Single-Phase / Split-Phase	≥ 2
3	Three-Phase	≥ 2
