**TESVOLT**  
THE ENERGY STORAGE EXPERTS

## Online certification

Do you have a current project and you need technical certification training to obtain the TESVOLT warranty for your customer?

We will be pleased to train you in a 1:1 live webinar and provide you with the contents of the regular one day training in a consolidated form. We will answer your questions and prepare you in the best possible way to install your customer's system.

After completion you will receive a certificate of participation for the TESVOLT warranty with a validity of 6 months. During this period, you have the opportunity to validate your personal certification online. This can be done by either attending one on-site training or by participating in our newly created e-learning program followed by a knowledge test.

For either training the cost of 175 Euro per day per participant remains the same as previously for the on-site training. Your following on-site or e-learning participation is already included.

To make an individual appointment please send an email to: [academy@tesvolt.com](mailto:academy@tesvolt.com)

Subject: URGENT Certification for commissioning  
Information required:

- TESVOLT order or offer number
- desired installation period
- planned commissioning date
- name and contact details of installer

We will contact you as soon as possible to discuss the next steps and for coordination.

We thank you very much for your understanding. We will overcome this exceptional situation together and continue to develop solutions.

Date, Signature

\* Purchase clause:

For the certification we charge a one-time fee of 175 € per person. You will receive a certificate of participation in the training selected (TS 48 V or TS 70 HV) with a validity of 6 months. During this period you have the possibility to participate our on-site training courses or via our online academy and thus extend the validity to 2 years.

The fee will be invoiced accordingly. The participation in the on-site training and the use of the online portal are included.
